Today's Date: \_\_\_\_\_

We are very pleased you have chosen the Heath Cemetery as your final resting place. Each plot chosen has a \$100 reservation fee and when your burial takes place, there will be a burial fee at that time. The fee is set by the Heath Cemetery Association and voted on at the annual meeting in March.

Now that you have chosen your plot, you have sixty days (60) to mark it. If your plot has not been marked and/or not marked correctly after sixty days (60), the plot will become available to others.

You must follow the marker guidelines set by the cemetery's bylaws and constitution:

- Markers must be flat
- The marker must be made of concrete with minimum dimensions specified by the Directors.
- Individuals may construct their own marker according to the specified dimensions or hire it done.
- Before a marker is poured, one must receive the approval of one of the cemetery Directors in order to continue.

If you do choose to hire an outside party, the cemetery association recommends Hallman's Memorials in Wills Point. Their number is (903) 873-2102 and web address hallmanmemorials.net. See a Director if you have questions.
